# SITUATION SUMMARY

## Bus Accident, Blythe, Riverside County

At approximately 0216 hours, a semi truck traveling Eastbound on Interstate 10 jack knifed into the center median and lost its load of pipes affecting a tour bus carrying an unknown amount of passengers, traveling Westbound on Interstate 10, causing it to overturn. Media is reporting 4 unconfirmed fatalities and 12 injuries. SDO reports unconfirmed information regarding injuries - 3 air-shipped and 5 taken to local hospitals. Both directions of I-10 have been closed for an unknown duration and the frontage roads are being used as alternate routes. CHP reports that they have initiated and maintained Incident Command. Cal OES Duty Officers are following up on the incident.

# **SITUATION SUMMARY**

## **Diablo Canyon Power Plant Full Scale Exercise**

Diablo Canyon Power Plant in San Luis Obispo is hosting a full scale Hostile Action Based FEMA evaluated exercise today, May 21, 2014. This is a full scope exercise that will be evaluated by FEMA Region IX and the Nuclear Regulatory Commission (NRC). The focus of the drill is to train staff, evaluate procedures, and identify areas that need improvement. This is a security initiated event that will require the activation of several facilities with staff from the utility, local, state, and federal agencies participating in several locations:

- California State Warning Center
- DCCP Onsite Operations
- DCCP Emergency Operations Facility (EOF)
- Field Incident Command Post (ICP)
- SLO County Operational Area EOC
- SLO County Joint Information Center (JIC)
- Cal OES Southern REOC

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought
- In honor of the Memorial Day holiday, the State Operations Center (SOC) will transition to Level 1 status on Monday, May 26, 2014. Consequently the Proclamation Matrix updates will be due at 1300 hrs., on Friday, May 23, 2014. The OES Region conference calls normally conducted on Mondays are rescheduled to Tuesday, May 27, 2014. The SOC Operations meeting is rescheduled from 1400 hrs. to 1500 hrs. on Tuesday May 27, 2014.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

#### **Eureka Weather:**

High pressure offshore will build toward the West Coast bringing drying and warming to the northern interior through Friday.

#### **San Francisco Weather:**

Drier and warmer weather is expected from Wednesday through the holiday weekend.

### CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

#### **Sacramento Weather:**

Unsettled weather pattern with scattered showers and a slight chance of thunderstorms mainly over the mountains again today. Warmer and drier conditions return by the end of the week. Cooler temperatures expected Memorial Day into early next week.

#### **Hanford Weather:**

A low pressure system will remain nearly stationary over southeastern California through Thursday and bring showers and isolated thunderstorms to mainly the higher terrain. Friday through Memorial Day weekend will be dry and much warmer as a high pressure ridge builds in over central California.

## **WEATHER SYNOPSIS BY REGION: (Con't)**

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

Low pressure will linger through Thursday bringing a slight chance of showers and thunderstorms mainly over the mountains. A gradual warming trend is expected through the end of the week as low pressure slowly moves east with temperatures returning to near normal by Friday. Slightly above normal temperatures are expected for the weekend as high pressure returns.

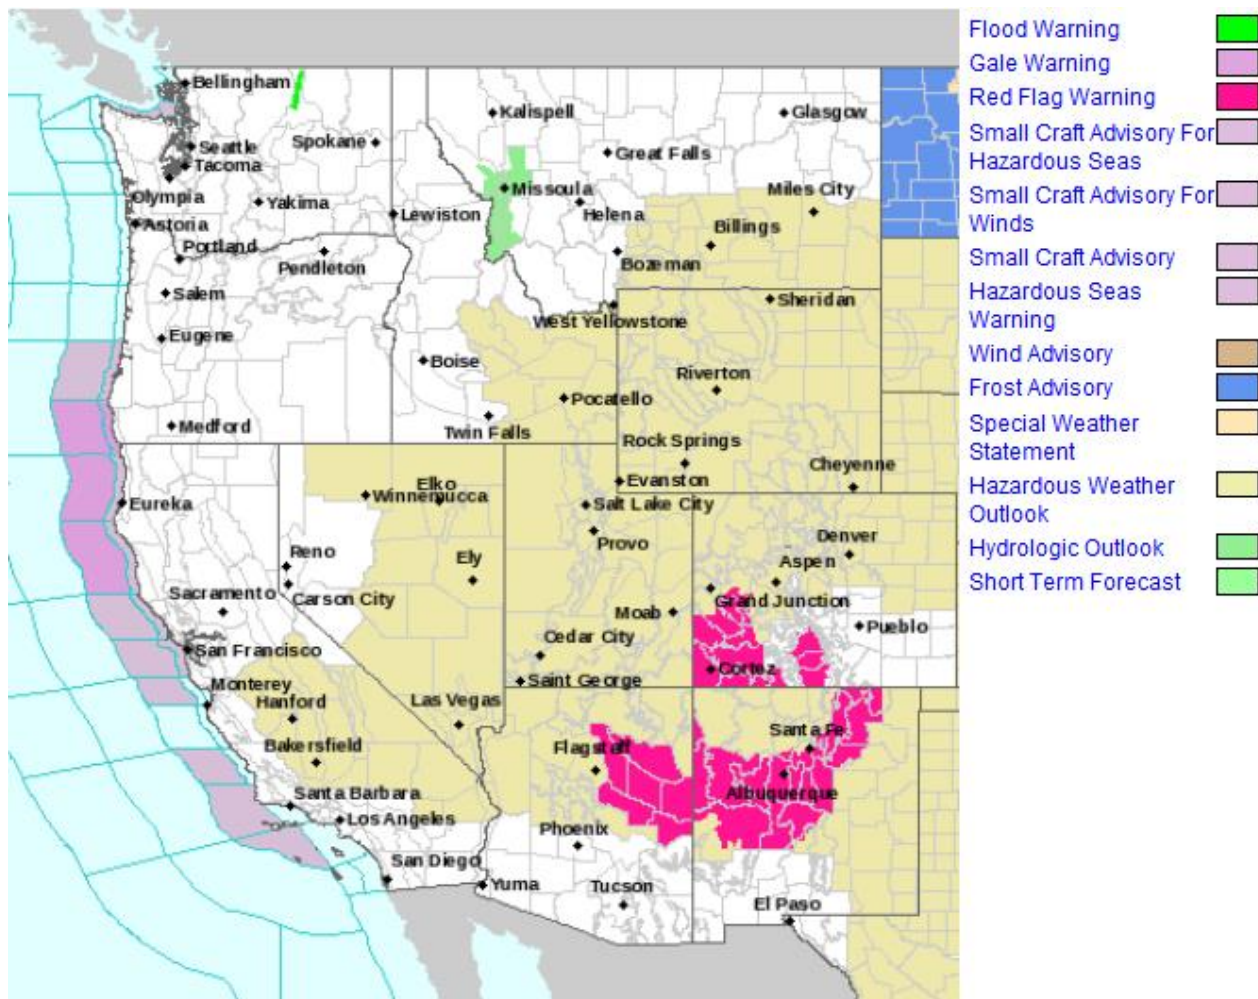

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

An upper level low pressure system will move to near southern California Thursday then move slowly eastward through next weekend. There is a slight chance of showers for the mountains and upper deserts for this afternoon through Thursday morning. There is a greater chance of showers and thunderstorms for the mountains, deserts, and inland valleys for Thursday afternoon and evening. A slight chance of showers will continue for Friday afternoon and early evening then drier and gradually warmer for the weekend through Monday.

#### **Southeast California Weather:**

Scattered showers and isolated thunderstorms will occur in the southern Great Basin and last through Friday. The system will finally move away Saturday with rain chances diminishing and temperatures warming over the holiday weekend.

# FIRE ACTIVITY

## Southern California

**San Diego Complex, CA-MVU-010242**, Northern San Diego County

- Unified Command with members from Cal FIRE, San Marcos FD, Elfin Forest/Harmony Grove FD
- 2,436 acres, 94% contained
- Jurisdiction: LRA/SRA
- No structures threatened, 6 damaged, 43 destroyed
- 2 OES Assistant Chiefs assigned
- Expected Containment Date: 5/22/2014

# **CAL OES DROUGHT ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Cal EOC Incident – 2014 Drought**

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

## Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The most recent snowpack survey, conducted on April 1, recorded California snowpack at 32% of normal. A more recent update using automated devices shows snowpack at 19% of normal as of April 20.
- DWR has announced that water essential for health and safety will be delivered through the state water project in spite of the zero allocation policy. Deliveries will be boosted if storms produce enough rain and snow to increase reservoir storage and the snow pack.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.

# **CAL OES DEPLOYMENTS**

## **Southern California**

- Cal OES Recovery has sent the following personnel to San Diego to assist with recovery activity for the San Diego Wildfires – return dates to be determined:
  - David Gillings and Clyde Muroka, Public Assistance Division
  - Melinda Stehr, Technical Assistance Program Debris Specialist
  - Lidia Armas, Individual Assistance Division – deploying today 5/20/14
- Cal OES Fire Division has assigned 2 Assistant Chiefs (Bondshu and Salvate) to the San Diego Complex and 2 Assistant Chiefs (Messer and Torrez) to the Basilone Complex.

# **UPCOMING EVENTS, TRAINING, EXERCISES**

## **Diablo Canyon Power Plant Full Scale Exercise**

### **Background:**

A Hostile Action is an act toward a Nuclear Power Plant or its personnel that includes the use of violent force to destroy equipment, take hostages, and/or intimidate the licensee (utility) to achieve an end. Even though the radiological consequences will be the same whether caused by a Hostile Action or a plant event, Hostile Actions provide unique challenges for emergency responders. To prepare for these challenges, the nuclear industry has begun to conduct drills that use Hostile Action-Based (HAB) scenarios as initiating events. These drills demonstrate the licensee's ability to coordinate onsite security, operations, and emergency response personnel with offsite organizations, such as State and local emergency management, law enforcement, fire, and emergency medical services.

Requirements for HAB exercises have been adopted into NRC and FEMA regulations and are required at all power plants beginning in 2014. Note that this is the beginning of an ongoing HAB exercise program at DCCP. These exercises are in addition to other emergency phase exercises that occur on a regular schedule.

[Back to Front Page](#)

## **UPCOMING EVENTS, TRAINING, EXERCISES** (Cont.)

### **MOBEX Drill: 2014 Western Region Multi-Task Force 2-day Exercise**

The 2014 Western Region Multi-Task Force exercise, commonly referred to as the MOBEX (mobilization exercise) Drill, is a real time deployment exercise designed to test the readiness and effectiveness of the US&R response system within our State of California.

The Los Angeles Fire Department, Los Angeles County Fire Department, Orange County fire Authority, Sacramento Fire Department, Federal Emergency Management Agency and California Office of Emergency Services teams were among the groups involved.

### **Cal OES Personnel:**

Assistant Chief (AC) Len Chesmore is being dispatched to serve as AREP with the Incident Management Team in Pacoima, Los Angeles County. AC Joe Gear is being dispatched to serve as the AREP with CA TF-1 in Santa Clarita.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
